ABOUT

I'm front-end developer with over 2 year of commercial experience of creating and optimizing web applications. I have experience in creating MVP projects, long-term support, bug fixes and transfer projects to the new technologies.
I'm looking for a challenging tasks, friendly work environment and possibility to learn new technologies and career growth.

WORK EXPERIENCE

Freelance
Work period: 03.06.2021 - now

- Creating responsive multipage websites (html5/css3(scss), VanilaJS (no frameworks/ libraries), gulp)
- Creating SPA (Using ReactJS: different libs, such as hookForm/yup, framer motion, routers, i18nify...)
- Improve loading speed existed projects and bug fixes (lazy, code cleaning, source unification)l
- Personal mentoring
